WORK EXPERIENCE

UI/UX Lead
Vindicator, Virtual
Job • Oct 2023 - Present (7 months)

- Leading and managing a team of UI/UX designers, defining clear roles, responsibilities, and tasks.
- Working closely with developers, product managers, and marketers to ensure designs are feasible and align with business goals.

UI/UX Designer
Watermelon Health, Virtual
Job • Sep 2022 - Sep 2023 (1 year)

- Created wireframes, user flows, and interactive prototypes using tools such as Adobe XD and Figma.
- Reduced user onboarding time by 50% through intuitive UI enhancements in Anxio, a mobile application.

Web Developer
Hamiters, Virtual
Internship • Mar 2022 - Jun 2022 (4 months)

- Proficient in HTML, CSS, JavaScript for building interactive and dynamic web interfaces.
- Utilized back-end technologies like Node.js and PHP to develop server-side components and database integrations.

UI/UX Designer

Analyzed.in, Virtual

Internship • Jan 2022 - Feb 2022 (2 months)

- Led the design of a Fitness App, a mobile application that offers subscription based personalized workouts.
- Proficiently applied principles of typography, color theory, and layout design to create engaging and user-friendly designs.

UI/UX Designer

Spanrig Technologies, Mumbai

Job • Feb 2020 - Oct 2020 (9 months)

- Created and executed designs for a wide range of projects, including branding, marketing collateral, digital ads, and print materials.
- Developed visually compelling concepts that aligned with clients' brand identities and project objectives.

Software Development

Capgemini India, Bangalore

Job • Jul 2019 - Oct 2019 (3 months)

- Experienced using development tools and IDEs like Visual Studio, Eclipse, and PyCharm.
- Designed and implemented database schemas using SQL and NoSQL databases like MySQL and MongoDB.

POSITIONS OF RESPONSIBILITY

- Led a team of UI/UX and Graphic designers to oversee a project's design life-cycle from conceptualization to execution, ensuring that user-centric principles are at the forefront of every decision.

- Conducted and managed TIMSCDR College Esports Festival on a custom Discord server.

- Led a team of 3 developers to create an encryption/decryption application based on python for a client.
